

The Dye's Deputation Journey

.....

September-November 2023

With Thanksgiving here, and Christmas right around the corner, we just wanted to first express how grateful we are to all the churches and people supporting us financially and through prayers. We were able to make it past 60%, and we are praying to continue growing our support so that we may reach our goal of getting to Uganda early in the year of 2024.

On October 14th, right after midnight, Andrew Joel was born. He weighed 8 lbs 13 oz. We have been enjoying getting accustomed to having 3 children. Elizabeth and Henry absolutely love Andrew and constantly want to hold him. We have been given many items for the baby, and have been truly blessed. Vivian's family was able to visit for a couple weeks to help with the baby. They hadn't all been together in over 5 years. It was an amazing time.

We had our first missions conference as a family of five in Lyons, GA. This church, as many others as well, spoiled our family. The Lord allowed us to check off several needs from our ministry list thanks to this loving and giving church. It was wonderful to get to fellowship with them and get to know them.

When we started our full-time deputation journey back in January 2022, we set a goal to be in Uganda in January 2024. Now that we are a month away from that date, we are realizing the Lord is keeping us in the states a little longer. Even though our goal hasn't mentally changed, and we know our God can still work wonders and miracles, for our family's preparation, we will be setting meetings up in the months of February and March for spring mission's conferences, and praying the Lord still allows us to be in Uganda before the summer of 2024.

Thank you for all your prayers and support. Please let us know if there is ever anything we can pray for you specifically about. We love you in Christ.

PRAYER REQUESTS:

- ❖ Please pray for our health as many of us have been in and out of sickness.
- ❖ Pray for more meetings to fill up our calendar so we can advance our support enough to be in Uganda early next year.
